Anti-Aging

Antioxidants such as vitamin E, vitamin C and taurine slow down the aging process. L-carnitine helps to prevent age-related decrease of lean body mass. The reduced level of phosphorus supports the kidney.

Kidney plus

Specially selected ingredients decrease the level of phosphorus. This way it can help to support the kidneys of elderly cats and cats with chronic kidney insufficiency. Additionally antioxidants protect the kidney tissue against free radicals.

Easy digestible

The premium quality and preparation of the selected ingredients guarantee high digestibility. It offers the perfect nutrition for cats with a sensitive digestive track.
